PDF Converter 7

The #1 Tool for Turning PDF Files into Fully-Formatted, Editable Documents

Unlock the contents of your PDF files – without the hassle of cutting, pasting and reformatting. PDF Converter 7 is the world's best-selling

and most accurate tool for turning existing PDF files into fully-formatted, editable documents, forms and spreadsheets. There's no smarter, faster or easier way to access text, tables, charts and graphics trapped within PDF files. Designed to take full advantage of Microsoft® Office 2010 and Windows® 7 capabilities, PDF Converter 7 is Nuance's most productive and intuitive PDF conversion software ever.

SAVE TIME WITH THE WORLD'S MOST ACCURATE PDF CONVERSION SOFTWARE

Convert PDF and XPS documents into editable Corel® WordPerfect® or Microsoft® Office formats, including Microsoft Word, Excel®, and PowerPoint®*, with a single click. Superior conversion accuracy** turns PDF files into fully-formatted documents — complete with column layout, charts, and graphics intact. Smart, innovative Logical Form Recognition™ (LFR) technology accurately converts static PDF forms into editable Word forms — instantly. You can even combine all pages of a PDF document into a single Excel spreadsheet!

PDF Converter 7 enables you to open PDFs directly from SharePoint®, convert the files and save them back to your SharePoint network. It's never been simpler to access your converted documents from anywhere in your organization.

INCREASE PRODUCTIVITY BY REPURPOSING CONTENT

With PDF Converter 7, your converted documents include editable text, original tables, and graphics that can be repurposed within new content. Need to transfer a table from PDF to an Excel worksheet or workbook? No problem. You can quickly turn tables and spreadsheets into fully editable Excel files — without all that tedious copying and reformatting.

BOOST EFFICIENCY WITH BATCH CONVERSION

Tired of opening and converting each individual PDF document? PDF Converter 7 makes it easy to batch convert files for maximum time savings. Simply drag and drop all the files you need into PDF Converter 7. A single click is all it takes to convert multiple files at once. You can even select automatic language detection for optimal accuracy and convenience if you process multi-language documents.

*PPTX format is supported for conversion into PowerPoint documents.
**Actual conversion results may vary depending on the source file.

Better PDF for Business™

Never retype a PDF document again

Convert PDF files into fully-formatted RTF, Corel WordPerfect, or Microsoft Word, Excel or PowerPoint files for the world's most accurate document re-creation. PDF Converter 7 even takes full advantage of the latest and greatest Microsoft Office 2010 capabilities so you can be as productive as possible.

Get accurate "flowing column" conversion

Eliminate the hassle of trying to edit content trapped in text boxes. With PDF Converter 7 converted documents retain flowing text and columns so you avoid time-consuming rework.

Customize your conversion settings

Further improve accuracy by tailoring the conversion process to the type of document you're converting from PDF. Settings include Standard, Legal Pleadings, Spreadsheets and Forms conversion.

Access and repurpose charts and graphics

PDF Converter 7 separates individual graphics in the converted document, enabling you to save them or integrate them into Microsoft Word, PowerPoint and other desktop applications with copy-and-paste ease and convenience.

Convert directly from your desktop

Just right-click on a PDF file and select your conversion format to instantly create editable documents. PDF conversion has never been simpler!

System Requirements:

- A computer with an Intel® Pentium® III or higher processor or equivalent
- Supported operating systems:
 - Windows 7 32-bit and 64-bit Editions
 - Windows Vista 32-bit or 64-bit Editions with Service Pack 2
 - Windows XP 32-bit Edition with Service Pack 3
 - Windows 2003, 2008 Server (Citrix, AD, WTS)
- Microsoft® Internet Explorer®7 or above
- 512 MB of memory (RAM), 1 GB recommended
- 130 MB of free hard disk space for application files plus 20 MB working space during installation
- CD-ROM drive for installation
- Web access needed for product registration, activation and obtaining live updates for the program.
- To save DOCX, XLSX and PPTX files (for Microsoft Office 2007 or 2010 Word, Excel and PowerPoint) you should have or install Microsoft .NET Framework 3.0 on Windows XP (free download available at www.microsoft.com).

Note: Performance and speed will be enhanced if your computer's processor, memory and available disk space exceed minimum requirements.

The Nuance Open License Program is the most cost effective way for your company or organization to easily purchase multiple units of PDF Converter 7, as well as services and support. For details visit: www.nuance.com/sales/volumelicense/
